Demonstrate having a healthy number of committers from a diverse contributor base.

GitHub Insights shows 49 total contributors over the history of the project, also documented in the CONTRIBUTORS file. OpenEXR was first released in 2003 and migrated to GitHub in 2012, so the statistics are skewed towards the early contributors:

https://github.com/openexr/openexr/graphs/contributors

Since work began on the v2.4.0 release around the time of adoption May 2, 2019, the project has merged commits from 19 unique individuals representing at least 15 different organizations:

- Aloys Baillet <aloysb@al.com.au>
- Axel Waggershauser <awagger@gmail.com>
- Cary Phillips <cary@ilm.com>
- Christina Tempelaar-Lietz <xlietz@gmail.com>
- Dan Horák <dan@danny.cz>
- Dirk Lemstra <dirk@lemstra.org>
- Grant Kim <6302240+enpinion@users.noreply.github.com>
- Halfdan Ingvarsson <halfdan@sidefx.com>
- Harry Mallon <hjmallon@gmail.com>
- Huibean Luo <huibean.luo@gmail.com>
- Jeff Bradley <jbradley@dreamworks.com>
- Jens Lindgren <lindgren_jens@hotmail.com>
- John Mertic <jmertic@linuxfoundation.org>
- Kimball Thurston <kdt3rd@gmail.com>
- Robert Pancoast <RobertPancoast77@gmail.com>
- Nick Porcino <meshula@hotmail.com>
- Oleksii Vorobiov <oleksii.vorobiov@globallogic.com>
- Peter Hillman <peterh@wetafx.co.nz>
- pgajdos <pgajdos@suse.cz>

Have achieved and maintained a Core Infrastructure Initiative Best Practices Badge.

https://bestpractices.coreinfrastructure.org/en/projects/2799

Demonstrate a substantial ongoing flow of commits and merged contributions.

Since entering incubation on May 1, 2019:

- 42 PR's merged or closed.
- 216 new GitHub Issues filed.
- 301 Issues closed.
- 535 Comments by 46 unique individuals on 200 separate Issues.

Document current project owners and current and emeritus committers in a COMMITTER file or similarly visible system.

https://github.com/openexr/openexr/blob/master/ASWF/charter/OpenEXR-Technical-Charter.md
https://github.com/openexr/openexr/blob/master/GOVERNANCE.md
https://github.com/openexr/openexr/blob/master/CONTRIBUTORS.md

The role of the Technical Steering Committee and its current members are documented in the GOVERNANCE.md file:

- Cary Phillips (chair) - Industrial Light & Magic
- Rod Bogart - Epic Games
- Larry Gritz - Sony Pictures Imageworks
- Peter Hillman - Weta Digital, Ltd.
- Kimball Thurston - Weta Digital, Ltd.
- Nick Porcino - Pixar Animation Studios,
- Christina Tempelaar-Lietz - Epic Games
- John Mertic - The Linux Foundation

Have a completed and presented to the TAC an initial license scan of the project's codebase.

Attached. The Governing Board approved the license exceptions on October 21, 2019.

Mission Statement: https://github.com/openexr/openexr

Code of Conduct: https://github.com/openexr/openexr/blob/master/CODE_OF_CONDUCT.md
